STATE NEWS

SPRY IN FAVOR OF MOTHER'S DAY

Governor Issues Proclamation Calling Attention to Coming Celebration

SALT LAKE, April 30.—By the proclamation and recommendation of Governor William Spry and Mayor John S. Brantford, the state of Utah and Salt Lake City will be turned over on Sunday, May 8, to an observance of Mothers' day. The club women of the city who organized the movement have met with success on every hand and the celebration in this city will rival the observance in any other city where the white carnation will rule. The cause will be carried into every home, the mother will receive loving tributes, her virtues will be expounded from the pulpits, her praises sung, white carnations will be proudly displayed in her honor, and the thoughts of all will be filled with love and respect for "mother."

The observance will start Friday night with a big mass meeting which will be held at the First Methodist church, and the "society ball" to be held at the Odeon the same night. The program for the mass meeting is designed to honor the mothers. The speaker of the evening will be Rev. Elmer I. Goshen. B. S. Hineckley will speak on the playgrounds and a stereopticon lecture on a similar topic will also be given. The feature of the musical program will be the singing of the "White Carnation," a song written especially for Mothers' day by Mrs. Baker P. Lee of Los Angeles.

BREADWINNER IN PEN FAMILY IS DESTITUTE

LOGAN, April 30.—An unusual sight was presented at the courthouse here this morning when Mrs. Rudolph Neldershauser appeared and demanded that some help be given her. She was accompanied by seven children, the oldest of them being but 10 years of age, and all of them were in rags. The father is serving a term in the state prison for failing to properly care for these children, the county authorities having tried every other remedy before sending him there. He will be released in a day or two and will then be given work on the county poor farm if he desires it. Commissioner Cronquist took the whole family to a store and fitted them out with clothing and gave them some provisions.

SHEEP MUST KEEP OFF BIG MOUNTAIN TRAIL

SALT LAKE, April 30.—Land and Water Commissioner Matthews will go to the vicinity of Big Mountain tomorrow and post notices warning sheepmen that they must not drive their flocks over that trail. Several years ago the city and county fixed up a trail from the mouth of Emigration canyon to Little Mountain thence to Mountain Dell and over the range east to Summit county.

This trail was used by sheepmen driving their flocks east or west until the last year or two. It is claimed that the route over Big Mountain is somewhat shorter and that the sheepmen are using it freely, thus contaminating a part of the city water supply. Should the sheepmen fail to obey the notices which will be posted tomorrow the city will issue complaints and cause their arrest. Vigorous prosecutions will follow.

HONOR PIONEERS OF EARLY SIXTIES

BOISE, Idaho, April 30.—Gov. Jas. H. Brady has issued a proclamation suggesting June 15 as Idaho pioneer day, to be celebrated in commemoration of the first permanent white settlement in this state. While he has no authority under the law to declare this day a legal holiday, yet he urges its observance upon the part of the citizens.

The recent discovery of an interesting bit of history is the cause for this action upon the part of the chief executive at this time. Considerable rivalry has for many years existed between the different portions of this state in regard to the question of priority of settlement and the question has generally been considered a debatable one. Settlements have been established in various parts of the state, dating back as far as 1834, and these have been quite fully acknowledged, but the point at issue is: Which can now be recognized as the first permanent white settlement? It is now practically conceded that the little village of Franklin, situated in the extreme southeastern portion of Oneida county, has the honor of this distinction. It is claimed on good authority that settlement was permanently established there by a colonist from Utah on June 14, 1860, or rather on the company arrived there on that day and began the platting of the ground and the erection of buildings the following day, the 15th, which day the governor proposes to honor as Idaho pioneer day.

BISHOP THOMAS YATES DIES OF LONG ILLNESS

BRIGHAM CITY, April 30.—Bishop Thomas Yates of Harper ward (Calls Fort) died Saturday morning about 10 o'clock after an illness of nearly four months, having suffered from dropsy and blood poison.
The funeral services were held in the ward meeting house under the direction of Elders Gibbs and Eli T.

three, counselors to the deceased, a Tuesday afternoon. The speakers were Elders Joseph (Bibbs), Eli T. (Elce), Abraham Wheatley, Thomas Whitworth, Michael Wheatley, James Olsen, B. H. Tolman, Thomas Wheatley, Francis Ruffee, Bishop Brigham Wright, Bishop Thomas H. Blackburn, Bishop R. A. Johnson, Patriarch William L. Watkins and Presidents Lathrop A. Snow, W. C. Hosler and Oleen N. Stahl, all speaking words of praise of the departed bishop.

CLEVER GANG OF BUNCO MEN BUSY

Tourist Robbed of Diamonds by Smooth Operators, Who Use Ancient Trick.

Salt Lake, April 30.—Taxed to his wits' end, Chief of Detectives George Sheets has been working night and day in an attempt to round up a trio of the smoothest bunco men that ever operated in Salt Lake. They are said to have fleeced half a dozen tourists during the past ten days, and have performed the work with a method that places them in the ranks of the very cleverest exponents of the old game of three walnut shells and a pea.

Their last victim is J. C. Walker, a prominent merchant of Kansas City. Walker was invited to see the grave of Brigham Young Thursday afternoon by a stranger, who seemed to have the qualities of being a most congenial companion. At the grave the stranger suggested matching dollars. Walker had nothing but bills of large denomination. The stranger loaned him several silver dollars and the game proceeded.

Presently two other strangers came down the walk leading to the grave. Walker's newest acquaintance suggested that he knew a system by which it would be possible to fleece the newcomers. Because of the novelty Walker consented. Luck seemed to fall in the direction of Walker and his friend. Suddenly the stakes were raised to big money. Walker had two diamonds, one in the form of a shirt stud valued at \$665, and another in that of a ring worth \$360.

When he became certain that there would be an opportunity to win from the strangers, the diamonds were put up in wager the coin flipped on the wrong side and the strangers collected the diamonds. The newest acquaintance of Walker disappeared and simultaneously the other two strangers went away. Failing to stop them for an explanation, Walker went to police headquarters and talked the matter over with Chief of Police S. M. Barlow.

There have been previous complaints to police headquarters of the activity of bunco men, their previous operations being with the old shell game.

Care of the Hair In Summer Time

(From Southern Style Book.)
"It is impracticable to wash the hair every day to remove the ubiquitous dust. Indeed, even if possible, it would be unwise—for too much water ruins the hair, and there are many who believe once in three months is often enough for the soap and water shampoo.
"Dry shampooing is the right idea, but do not place too much confidence in orris root alone. The perfect shampoo powder is made by mixing four ounces of therox with four ounces of orris root. This mixture cleanses immaculately, and the therox tones up the scalp and gives the hair a glossy and beautiful lustre.

"When you want to dress your hair in a hurry, just sprinkle a little of this mixture through the hair (don't use too much, and sift it evenly), then brush the hair thoroughly. You will be delighted with the result."

DID MAJORS ESCAPE? PRATT DENIES RUMOR

SALT LAKE, April 30.—Rumor gained considerable circulation today that Abe Majors, a life prisoner at the Utah penitentiary, attempted to head a general "break" of the prison last night and had escaped. The telephone wires to the prison have been kept busy today carrying inquiries about the story. Warden Pratt is of the opinion that some one is attempting to "start something," and says that the story is absolutely without foundation.

Majors was sentenced to life imprisonment in the Utah penitentiary for the killing of Police Captain Brown at Ogden a number of years ago. At the prison he is considered one of the worst men behind the bars and is kept in solitary confinement. During his term in the "pen" he has been implicated in numerous attempts at wholesale prison deliveries.

COMET BLAMED FOR FAILURE TO SELL

That the path of the real estate man is not strewn with roses is evident from the story which is told by a prominent local dealer regarding an experience with a will to do woman in the city last Tuesday.

The woman had been looking over some ground in the southern part of the city and her visitations to the ground had cost the real estate man a fair week's salary in automobile hire and about a month's growth of vocal effort.

Finally the woman put in an appearance and said she had decided not to buy at the present time, stating that she would prefer to wait and see if the earth passed through the tail of Halley's comet successfully before assuming any more business worries. This real estate dealer is no longer an optimist.

Spring Debility

Is due to the debilitating weather of the season, and to the impure, impoverished, devitalized condition of the blood caused by too close confinement, too little outdoor air and exercise, too heavy diet during the winter.
It is cured by the great constitutional remedy

Hood's Sarsaparilla

which effects its wonderful cures, not simply because it contains sarsaparilla, but because it combines the utmost remedial values of more than twenty different ingredients. There is no real substitute for Hood's Sarsaparilla. It is made to buy any preparation said to be "just as good," you may be sure it is inferior, costs less to make, and yields the dealer a larger profit. 100 Doses \$1.
